Sir,

Subject: Legislative Council Question No.1843

Refce: Government Memorandum No.402-I/26-4 dated 16th June 26.

Clause(d)-Supplementary questions and answers.

No fresh licenses were issued; in fact no licenses were issued at any time as the concessions were allowed to the ryots by a general order issued to the subordinates by the District Forest Officer. So the question of a refund for payments made by the ryots does not arise. On the question whether the ryots were put to any loss during the short period in which the concessions were stopped by a mistake, the District Forest Officer reports that the period was one when the transplanting of paddy was already over and the ryots had already (in May 1925) collected dry leaves and stocke them for the rains. The cultivation was not stopped nor did the paddy crops suffer in any way for want of manure leaf.

Please see C.C.'s reply at page 10 C.J. It is reported that licenses were not issued at any time as the concessions were allowed to the ryots by the D.F.O.s general order on the subject. It is also stated that the ryots were not put to any loss during the short period in which the Concessions were stopped by mistake as the prior to transplanting of paddy was over. No further action seems therefore necessary. From the M.'s reply at A on page 4 supra, it does not also seem necessary to furnish the M. & C. with the above information. The papers may therefore be
